ORDER NO.

SUBJECT:

DOCKET NO. 2000-366-A – Chem-Nuclear Systems, LLC - Application for Adjustment in the Levels of Allowable Costs and for Identification of Allowable Costs - Discuss this Matter with the Commission.

COMMISSION ACTION:

Move that the Commission accept the Allowable Costs of \$10,100,981 identified by Chem-Nuclear as being the costs to be allowed for recovery by the Company for its Fiscal Year Ending June 30, 2007. A breakdown of this total was furnished by Company witness James Latham. This figure consists of Fixed Costs of \$7,205,468 and Variable Costs totaling \$2,305,098 which Witness Latham presented as vault costs of \$1,551,382 plus variable labor and non-labor costs of \$753,716. Also included are Irregular Costs of \$590,415. In addition, I move that this Commission accept and identify as allowable costs for the Fiscal Year Ending June 30, 2008, the fixed costs of \$7,944,000 and irregular costs of \$315,000 as contained in Witness Latham's testimony and amended Exhibit C to the Amended Application. I further move that this Commission approve the variable cost rates for fiscal year ending June 30, 2008 as contained in ORS Exhibit AA, page 2 of 2, attached to the Settlement Agreement. The actual expenses in the variable cost category will be dependent on actual volumes and classes of waste received. Finally, I move that this Commission accept and approve the Settlement Agreement entered into between Chem-Nuclear Systems, LLC, the Office of Regulatory Staff, The Atlantic Compact Commission, SCE&G and Progress Energy Carolinas, Inc., including the adjustments to Actual Costs of Fiscal Year 2006-2007 that were incorporated in the Amended Application filed by letter dated February 28, 2008.
